Due to the near-universal desire for safe and good quality healthcare, there is a growing interest in international healthcare accreditation. Providing healthcare, especially of an adequate standard, is a complex and challenging process. Healthcare is a vital and emotive issue—its importance pervades all aspects of societies, and it has medical, social, political, ethical, business, and ...

Ethics or moral philosophy is a branch of philosophy that involves systematizing, defending, and recommending concepts of right and wrong conduct. The field of ethics, along with aesthetics, concerns matters of value, and thus comprises the branch of philosophy called axiology.. Ethics seeks to resolve questions of human morality by defining concepts such as good and evil, right and wrong ...
